Center for Research Informatics (CRI) Charge Plan

for University of Chicago researchers

CRI services are partially subsidized by generous support from the BSD Dean's Office. REDCap and the CRDW are also subsidized through the ITM's Clinical and Translational Science Award Grant.

Office hours consultations and the time spent refining requests and developing estimates and statements of work are provided free of charge. The CRI is committed to supporting all BSD groups, and our team will work with you to develop an acceptable timeline and total cost.

Clinical Research Data Warehouse

Time spent fulfilling data requests is billed based on whether the request is standard, expedited, or urgent.

Standard	Expedited	Urgent
$95 per hour	$200 per hour	$200 per hour + $1500 rush charge
average 4-6 weeks *depends on availability and complexity*	complete in 2 weeks *subject to availability*	complete in 3 business days *subject to availability*

Clinical Research Consultation and Research Software Development

These services are billed at a rate of **$95 per hour**. If your request is urgent, expedited turnaround times may be available for an additional fee. Please let us know your timeline needs when requesting this work.

Storage Infrastructure

Storage costs for BSD faculty research data are partially subsidized by the BSD Dean's Office.

BSD Faculty Research Data		Other Data
FREE	$71	$225
first 4 TB	per TB per year *after first 4 TB*	per TB per year

Virtual Servers

The following costs apply per year to all virtual servers.

Minimal VM*	$210.00
Additional CPU	$95.00
Additional RAM	$43.00
Additional Disk	$0.60
*1 vCPU, 1 GB RAM, 30 GB disk
