

The CRI's offices in Peck are located in **suite N161**.

This suite is in the N corridor on the first floor of the Medical Center. If you are coming from the Wylar entrance, take the C corridor to head toward N; if you enter from Ellis, take the P corridor.

When you enter the N corridor, walk straight until you reach a glass door.

Once you go through the glass door, you'll find the door to the CRI suite to your left.
